

Friends

Being with my friends makes me happy,

Being with my friends makes me glad.

When we are all together,

What a fun time we will have!

So let's sing, sing, sing,

Sing together with our friends.

Now let's clap, clap, clap,

Clap together with our friends!

Now let's jump, jump, jump,

Jump together with our friends,

Now let's sit, sit, sit,

Sit together with our friends!
